

ONLY ONE AMERICAN ENTRANT TO APPEAR

Charles T. Weyman to Start in
Aeroplane Race for \$50,000
Prize by London Paper.

By Associated Press.
LONDON, July 15.—England is to witness this month one of the most ambitious attempts at long distance aeroplaning yet seen—a circuit of the island over a course 7010 miles, for a prize of \$50,000 offered by the Daily Mail.

The chief point of interest to Americans will be the appearance of Charles T. Weyman, who won the international cup at Eatechurch, July 1. He is the only American entrant, but is expected to make a notable showing against the best flyers of Europe.

The course is divided into sections, ranging from twenty to 182 miles in length. The race starts Saturday, July 22, at Brooklands, but the day's task is only a sort of tuning up flight of twenty miles to Hendon, where the competitors will rest over Sunday.

Monday morning they will begin the second stage of 343 miles from Hendon to Edinburgh. En route they will halt, after 182 miles, at Harrogate, and after another 65 miles, at Newcastle, thence over a flight of 93 miles to the Scotch capital.

The third stage is from Edinburgh to Glasgow and thence to Bristol, altogether 385 miles, with stops at Stirling (31 miles), Glasgow (22 miles), Carlisle (86 miles), Manchester (103 miles) and Bristol (141 miles).

The fourth stage, from Bristol to Brighton is 294 miles. Stops are to be made at Exeter (65 miles), and Salisbury (83 miles), the final stage to Brighton being 76 miles, and lastly a short flight of forty miles will be made from Brighton on to the starting point at the Brooklands motor racing field.

Whether any of the competitors will complete the race is doubtful, as the conditions, in the opinion of the experts, are almost impossible of fulfillment.

More depends upon the stability of the machines than has been required in any previous race. The men must do the circuit of more than one thousand miles practically with machines intact. The most important parts of each machine are to be kept together throughout the course.

**SOLDIER OF FIFTEENTH
FALLS FROM TRAIN; DIES**

Special to The Tribune.
DALHART, Texas, July 15.—An inquest held on the spot today failed to determine the identification of the United States soldier whose remains were found eight miles from here. The man came to his death by a blow received on the head as a result of falling from a train. Developments indicated that he was en route with his company from San Antonio to Salt Lake City. Careful examination of the body revealed no marks of identification. All his clothing was marked "K. 44 H. S." His appearance was foreign. A receipt for a United States money order number 1819 for \$15, bought July 6 at headquarters, was found. The body is held here.

SAYS ARTICLES ARE PURELY MALICIOUS

Embassador Wilson Resents
Accounts of Alleged Unpatriotic
Conduct July 4.

By Associated Press.
MEXICO CITY, July 15.—Moved by public accounts of alleged unpatriotic conduct at a recent independence day breakfast, attended by President De la Barra, several members of his cabinet and many leading Mexicans and Americans, Embassador Henry Lane Wilson today authorized the following statement:

"Telegrams appeared on July 5 and 6 in many American papers, reporting that at the breakfast which followed the Fourth of July exercises the American embassador, Mr. Wilson, failed to respond with the customary recognition when the American national air was played, and that he rose to his feet after everyone else had done so.

"This story is entirely without foundation; no such incident occurred and no conversation on the subject took place and the first news to the Mexican public that there was a charge of such indecorous conduct came with the arrival of the American papers containing the telegram.

"When the national air was played the embassador was the first to rise to his feet in company with the president. These articles which have been sent to the American press from Mexico are purely malicious inventions and in no way reflect the opinions and sentiments of the American people in Mexico.

"The embassador makes this statement not because he believes the public is interested in his affairs, but as the only means in his power of correcting unjust and untruthful attacks calculated to affect the usefulness of the American embassy in the capital."

The telegrams referred to by the embassador related what purported to be a conversation between himself and President De la Barra, in which Mr. Wilson was quoted as saying that inasmuch as they were eating he saw no need for them to rise. In consequence it was said a movement had been started by the American colony to bring about the embassador's recall.

The Mexican Herald, commenting on the story, said that "a hundred gentlemen who attended the breakfast knew that no such thing happened."

**OMAHA DEMOCRATS
DENOUNCE W. J. BRYAN**

By Associated Press.
OMAHA, Neb., July 15.—The Democratic convention of Douglas county, which selected delegates to the state convention to be held at Fremont July 25 tonight adopted resolutions denouncing the position of W. J. Bryan in the last state convention. The resolutions say in part:

"Standing on the adamant foundation of Democracy that in the party councils the majority should rule, we deplore and condemn the action of W. J. Bryan, who, having repeatedly received the loyal support of the Democratic party in Nebraska, turned treacherously upon it in its hour of need and accomplished its defeat.

The convention was in session until late tonight and the resolution was adopted after a strong protest from Bryan's supporters.

KING GEORGE MAY VISIT THE DOMINION

Irish and Welsh Receptions Inspire Monarch With Desire to
Test Canadian Loyalty.

By Leased Wire to The Tribune.
LONDON, July 15.—So greatly pleased is George V by the democratic note in the Irish and Welsh receptions and the forecasts of the reception he and Queen Mary will meet next week in Scotland that he is said to be considering seriously the feasibility of visiting Canada while returning next January from the Durbar at Delhi.

When this idea was broached several months ago, it did not seem practicable, but according to creditable rumor in Canadian circles in London, the whole question has been reopened and the king's strong desire to consolidate the imperial sentiment in all parts of the empire has had an unexpected fillip from his coronation and past coronation experiences.

Sir Wilfrid Laurier and other Canadian statesmen, when here for the coronation are understood to have urged him to come back by way of the Dominion. They pointed that, though as prince of Wales he was in Canada only a few years ago, his appearance there as king would have a particularly stimulating effect in loyalist quarters and would serve to check "any undertone of annexation and pro-American sentiment."

George V is reported as "regarding the argument in favor of the visit as sound and timely."

Canadian officials in London, irrespective of the individual attitudes toward reciprocity hold that it would be "good imperialist politics" for the king to cross the dominion southern tier at a date not remote from the expected Canadian general election turning upon the Knox-Fielding proposals. They believe the debates in Washington and Ottawa have "served the ulterior purposes of the Canadian and American politicians who fish in troubled waters."

Doubtless pressure will be brought to bear on the King.

**SLIGHT DELAY CAUSES
DEATH OF A BATHER**

By Associated Press.
ATLANTIC CITY, N. J., July 15.—A momentary delay occasioned by a woman throwing her arms about one of the volunteer rescuers is believed to have prevented the saving of James H. Boone, of Philadelphia, who was

drowning in the surf here this evening. Boone, who was 52 years old, went in bathing after the life guards left the beach.

A strong current carried him out and several persons, perceiving his difficulty, set about to rescue him. Several men volunteered to go out in a boat, but as they were launching it a woman threw her arms about one of them and prevented him from getting into it. This caused a slight delay and Boone had disappeared from sight when the rescuers reached the spot. Boone's wife and father are in a serious condition from shock.

The score was 7-5, 6-2, 0-6, 6-2, or nine games to fifteen, which in a four-set match was not a wonderful margin.

CANANEA IN HANDS OF MALCONTENTS

Refuse to Surrender Arms After
Being Paid; Probability
of Another Encounter.

By Associated Press.
CANANEA, Mex., July 15.—While every soldier here was paid 25 pesos last night, they refused to surrender their arms today. Some demanded that they be paid a hundred pesos, and others wanted even more.

The mutinous bands are in entire control of the city tonight and had their own way in every particular. It was hoped that everything would be settled by tomorrow, as there was some prospect of the soldiers leaving the city by that time. It was said today that they feared to surrender their arms because of possible punishment for their recent actions, and that if they left the city it probably would be to avoid an encounter with other soldiers who may be sent to disarm those already here.

Colonel Juan Cabral apparently is unable to control the soldiers. Captain Miralida, said to be their leader, is acting as spokesman in their conferences with officials.

It was reported that it was he who set some city jail prisoners free. Of those liberated, none of whom have yet been recaptured, were six alleged murderers. The soldiers claimed that they were making efforts to capture the prisoners. Some of the soldiers have gone to the hills, fearing arrest.

General Lomeli still is in command here.

**FOUR PRISONERS GET
OUT OF MONTANA JAIL**

By Associated Press.
DEER LODGE, Mont., July 15.—Sometime during the night four prisoners in the Powell county jail made their escape. They are Robert Martin, charged with forgery; James Warner and Frank Burdge, held for grand larceny and Joseph Walruson charged with a crime against nature.

A bolt on one of the locks on the inside of the cage had been filed off and a hole made through the brick wall in the jail. The men must have been working on the job for several days as the walls are two feet thick.

Under-sheriff Mullen and Deputy Sheriff Williams left early this morning in an effort to find a trail.

**PROPOSES CITY SHALL
HELP JOHNSTON FAMILY**

Councilman A. J. Davis will next Monday night introduce a resolution at the regular meeting of the council providing for the appropriation of \$1250 by the city for the benefit of the family of the late Sergeant J. H. Johnston, who was shot and fatally wounded by Elmer L. Dewey on the morning of July 5. There is a mortgage of about \$1200 on the home of the dead officer and it is held just that the city should aid the family of the breadwinner who lost his life in the discharge of his duty.
